## **Town of Upton**

### **General Requirements for Town Garbage Collection Service**

Your Trash Cart must be placed in the street, with a least four (4) foot clear radius around the cart so the truck will be able to pick up the cart. The front of the cart must face the street to be emptied.

Trash carts must be placed in the assigned area by **8 am** every Monday (or Wednesday, depending on pick up date) or it will not be picked up.

Trash carts furnished by the Town are the only receptacles from which the sanitation company will collect trash from.

Only household trash will be accepted in the carts. The sanitation company may refuse to collect trash from any cart that the lid is not fully closed. Lids must be kept closed to prevent littering. All trash must be contained within the cart.

All household trash must be bagged to reduce littering.

Trash not contained inside of the cart will not be collected.

The following items will not be placed in the trash cart: yard waste such as grass, limbs, rocks, bricks, concrete, wood, sticks, lumber, ashes from wood stoves, pellet stoves or fireplaces, pipe of any kind, steel, electronic devices such as computers, tv's vcr's, dvd players, radios etc.

Every customer must maintain the area surrounding their cart in a clean and neat manner and not allow trash to accumulate on the ground in that area.

Trash carts must be removed from the street within 24-hours after being emptied.

Violation of these requirements may result in the trash not being collected, a service fee for carts not removed according to the ordinance and/or fine.

Call 307-468-2441 for questions or concerns.
